2222 MARKET STREET | PHILADELPHIA

The 2222 Market Street building in Philadelphia stands as a testament to modern architectural excellence, a striking creation brought to life by the talented architects of Gentler Philadelphia Office. This architectural masterpiece seamlessly blends contemporary design with a touch of timeless elegance to leave an indelible mark on the city's skyline.

KEY PLAYERS

Architect | Gensler Philadelphia Office
Owner | Parkway Corporation

The exterior of the building is adorned with a captivating facade made from thin brick, an architectural marvel that accentuates its aesthetic appeal. The thin brick, known as King Klinker America Obsidian Shadow, is a stunning choice that adds depth and character to the building. With its sleek, dark hue, it exudes an air of sophistication and intrigue, making the 2222 Market Street building an iconic presence in the city.

General Contractor | IMC Construction
Panelizer | Wyatt Corp.
